

PFE Text Editor

- ~ Go to www.asnuntuck.org, Click on the Downloads link
- ~ Click the **PFE Text Editor** Link
- ~ This download box will appear

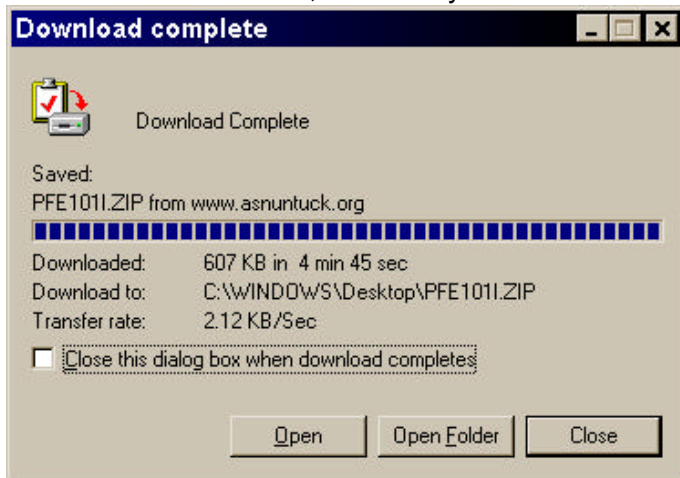

- ~ Click OK.
- ~ The Save As box will show

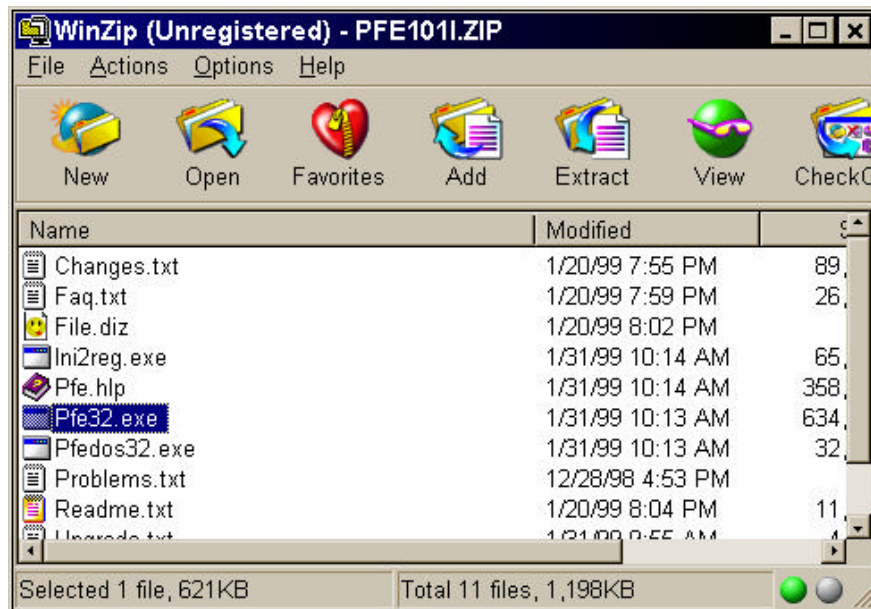

- ~ Remember where you save the file ! The Desktop is usually an easy place to remember.

~ The file will download, and then you should see this box

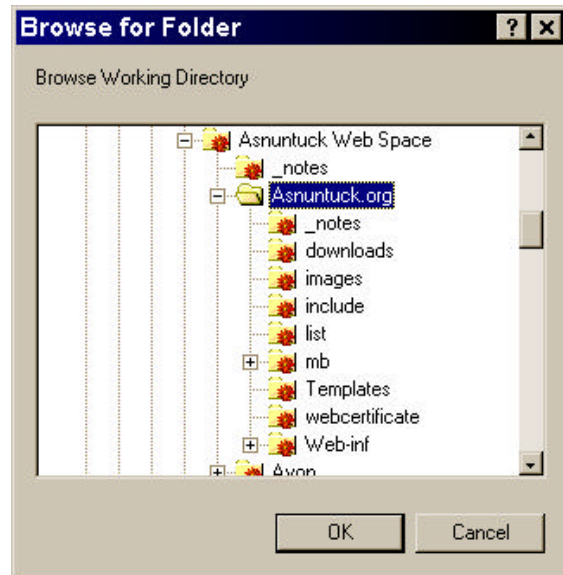

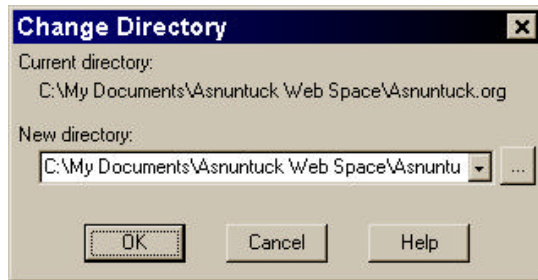

~ Click Open. If the Download Complete dialog box doesn't appear: Find where you downloaded the file to, open the file.

~ Your Zip file extractor should show up. Double click the **pfe32.exe** file to open

~ For easy access to this program, drag the file to your desktop or start menu.

- ~ Open **PFE Text editor**
- ~ Click File -> Change Directory...
- ~ Click on the ellipsis (...) and choose the directory you will be working in.

- ~ Click the open icon  and choose your file.
- ~ Remember to save your file before you preview it elsewhere. The save icon will become enabled and red, and an asterisk will show in the title bar when the file has been changed without being saved:
